

wine list

got me some wine

the ladies love wine

welcome to the wines of perrone's

we are always tweaking and tuning to create a list with quality wines at prices that won't make you wince.

please understand that some quantities are limited, and we are continuously adding and removing wines.

from time to time, you may order a wine that is out of stock. we have designed the list with many alternative wines in the same price range and flavor profile. management would be happy to assist to you in another choice.

our restaurant carries an extensive wine list. however, we do allow you to bring in a sentimental bottle from your own collection for a special occasion. (excluding bottles already on our list).

the service fee is \$35 per bottle with a limit of 2 bottles per table.

(magnums and larger will be charged as two bottles).

**in the world of wine
this eternal question is always pondered:
spit or swallow?**

let's start with bubbles!

"i only drink champagne when i'm happy, and when i'm sad. sometimes i drink it when i'm alone. when i have company, i consider it obligatory. i trifle with it if i am not hungry and drink it when i am. otherwise i never touch it - unless i'm thirsty."

- lily bollinger

champagne

grower champagne: aka "farmer's fizz"

*these are sparkling wines made in the champagne region of france that are produced by the same estate that **owns** the vineyards from which the grapes come. this allows for a hands-on production and that chain of agricultural accountability (**think farm-to-table**). It has the kind of singularity of character that, say, a single barrel bourbon does. if it all comes from a handful of acres on the same vineyard, there's a sense of micro terroir, or "**authenticity of place**". whereas those larger 'branded,' houses can source their grapes from over 19,000 different vineyards in the champagne region. some big brands blend grapes from up to 1000 vineyards. that's a lot of moving parts.*
